Spinal Fellow	Spinal Surgery	University of Wales College of Medicine, Cardiff.	1 st July 2003	30 th Sep. 2003

MEDICO-LEGAL EXPERIENCE

I now have over 7 years experience in medico-legal report writing. I commenced my practice after completing my FRCS (Tr. & Orth.) examination. I completed the M.T.L.S. report-writing course in 2003 with the intention of producing a good standard of report.

My interest is spinal disorders but I have been trained in general trauma and orthopaedic surgery up until my spinal Fellowship. I am now a full time Consultant in Spinal Surgery.

I am in a position to offer good quality, evidence based reports in this specific and complex field of spinal disorders, from whiplash to spinal cord injuries and degenerative conditions. All reports will comply with Part 35 Civil Procedure Rules. I will consider both plaintiff, defense as well as negligence cases. I am also happy to wait for payment until completion of each case.

I am an expert on the panel of most of the major medico-legal agencies and produce reports for the leading solicitors locally and throughout the UK.
